## What is Wholeness Center?

Wholeness Center represents a new vision of medical care designed to foster strong, vibrant mental health for you and your family. Our passion supports a very comprehensive view of health for attaining your goals. In our collaboration with you, we emphasize skill building, nutrition, and lifestyle adjustments as well as strong focus on the power of relationships. We believe that every person has an innate drive for balance and harmony.

### What is Collaborative Care?

Collaborative care means that we listen. Depending on what you want, we have a top-notch team designed to work together to meet your needs. Effective communication and collaborative care are the keys to a happier, healthier family.

### Courses and Classes

We offer many classes for mental health and health improvement education to meet your needs. Contact us for current course offerings and schedules.
